Have him wear cool silk shirts all summer long

How to launder them beautifully, easily-yourself!

Which thinks of sending men's silk shirts to the laundry nowadays? To have them come back faded, pulled out of shape, the lustre of the silk half gone! There's a better your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass. a better way-and much less expensive! Just whip up some delicate Lux suds and plunge in the silk shirts. No need to have a great many, for you can have one fresh and clean again for him the

very same day! Wash them in the rich Lux suds, repeatedly. The delicate Lux lather cannot wear away the fabric. They will

look just as soft and fine and silky, fit just as comfortably at the end of the summer as the first time he put them on. Lux comes in pure transparent flakes

Lux will not harm any material

that pure water alone won't injure.

To wash men's silk shirts

Use one tablespoonful of Lux to a gallon of water. Dissolve in boiling or very hot water, whisk up into a thick lather and add cold water to make the suda lukewarm. Put the garment in, work it up and down, and squeeze the suda through it. Do not rub. Rinse three times in water the same temperature as the water in which you washed it. Roll in a towel to dry. While still damp, press with a warm iron, on a well-padded board. Pongee should be fromed when entirely dry. when entirely dry.
